Your thick hair allows you to try out a number of eye-catching hairstyles. Each season brings hairstyle trends with them and you are always allowed to choose the best and experiment with your naturally healthy and thick hair. Thick hair, either long or short, looks amazing and becomes a fantasy for fine-haired people. In case you are bored of wearing long hair, "short haircuts for thick hair" is a thing for you. Here are a few short haircut styles and ideas for women with thick hair.

Pixie Haircut: Pixie haircut provides a framing to your face. It emphasizes your features. It is the kind of hairstyle that requires minimum maintenance. Pixie haircut gives a cute choppy look to you. If you are a busy girl or don't want to spend much time caring for your hair, pixie is the haircut you should look forward to. **Bob Haircut:** Bob haircut is one of the most comfortable short haircuts for thick coarse hair, and would always remain in fashion. It rarely needs any care. With the bob haircut, you can frequently try different hair dyes and highlights. This is another type of short haircut that accentuates your facial features and enhances your beauty. It is the best option for those ladies who prefer lower cut hairstyles.

Razor Haircut: Other short haircuts for girls with thick hair involves the razor haircut. It practically looks the best on thick hair. The several defined layers gives your hair a bouncy movement. Razor haircut needs a little care and saves you from a messy look.
